Program

## ***Congratulations on Your New Home!***

Dear Valued Resident of Retreat at Seabbranch,

As an added benefit of purchasing your beautiful new home in the Retreat at Seabbranch, your homeowners association has chosen ADT Security Services to provide you with quality electronic security services to protect you, your family and property. ADT is your premier security services provider. You receive the highest level of customer care and service from our **Community Association Team** and are monitored 24/7 from our state-of-the-art monitoring center by our own employees who are highly-trained security professionals.

We encourage you to regularly use and test your security system to protect your family, home and personal property. In addition to providing you with peace of mind, a monitored security system can save you up to 20% on your homeowner's insurance. Ask your insurance agent for details.

**Please contact us at 800-878-7806 to activate your service and establish your personal profile with contact numbers and password at your earliest convenience.** At that time, we will be happy to answer any questions about your security system and make you aware of enhancements available to customize your system to meet your personal needs. We offer life-safety devices like monitored smoke and carbon monoxide detectors and motion, glass break and flood detectors for interior protection. We also offer **Pulse®** interactive services that let you control your system remotely and can include video and home automation devices. There is a nominal fee of \$59 for a service call for the connection, programming of your new codes, and instruction on how to use your system. Please remember to call us as soon as possible.

**Residents may participate in our Quality Service Program (QSP) for just \$10.00 per month.** This comprehensive service plan covers parts and labor for normal wear and tear during normal business hours. Please call us at **800-878-7806** for details. Our technicians are security professionals who are background checked, drug-tested, ADT employees with ADT identification to give you peace of mind in those entering your home.

**If you do not have a telephone land line, you may purchase a Safewatch CellGuard from ADT as a means of communication for your system.** Use of this system is less expensive than maintaining a land line. The Safewatch CellGuard may also be used as a back up to your land line in case your line is cut. Once your connection to ADT Security is established, you may visit our secure website anytime to view your alarm activity and update your contact information at [www.MyADT.com](http://www.MyADT.com).

**Martin County Ordinance 682 requires all users of monitored alarm systems to obtain an alarm permit.** If you do not already have a permit, please complete the attached application and mail with a check or money order for \$20 to: Martin County Tax Collector, Attn: False Alarm, 3485 Willoughby Blvd., Stuart, FL 34994. When Martin County completes your registration they will send you a confirmation letter with your permit number. It is important that you call ADT Security to provide us with your permit number as soon as you receive it.

Important telephone numbers are included for your convenience. Please use these numbers to contact us at any time. At ADT Community Association Program, we will always work to exceed your expectations. We take great pride in our caring attitude and commitment to service and look forward to establishing a long and meaningful relationship with you. Again, congratulations on your new home!

Sincerely,  
***Your Community Association Team***
